This term we have been learning about three dimensional shapes. We have been integrating this subject with Art and Design and Technology.

We have been learning some new techniques to create 3D art works.

We planned, created and made our own 3D boxes and designed packaging for.

We would like to say a big "THANK YOU" to Brit Arbon for donating fresh fruit to our class.

ROOM 26

A good friend enthusiastically told me how he was looking forward to spending a few days away on his own with his two kids, aged 10 and 13. He was feeling quite chuffed. He was having some ‘dad time’ with his kids.

Good on him!

He was doing some memory building and relationship building, as well as having some fun. He told me that he was aware that his kids were getting older and he knew such opportunities were diminishing.

Gone are the days when the only relationship many men had with their kids was through their wife. She would explain him to the kids ('Your dad's very busy but he would love to see you play sport but he can't make it'). As well, she'd keep him up-to-date with the children’s lives.

Blokes, it seems, are valuing the time they spend with their kids on their own, or at least the dads I mix with are.

Spending time alone with kids is a great way to build confidence in dads, and the kids usually just love it. (Michael Grose, Frequent Father Points)

Activities that can help build Dad’s Frequent Flyer Points could include:

- Learning activities from school can be built upon by extending their thinking with challenging questions and providing guidance or strategies on how to improve.
- Instead of kicking the footy at home or throwing a netball head out into the community sport grounds for that quality time. A different environment can bring other conversations.
- Join your child in their technology learning and have them teach you about a game or application that they enjoy.
- Spend a morning going for a walk or a bike ride with your child or children.
- Make a breakfast at home and head to a park or the beach.
- Take your child with you when you go out eg: shopping, as those conversations in the car become very valuable.

Being a Dad is fun and finding time to help them learn and grow is important every day!

Happy Father’s Day to all our Dads at Risdon Park Primary School.

Thanks to everyone for putting in a huge effort dressing up! There were 6 lucky students who got a $10.00 Megs Book Shop voucher for best dressed. Shaye Fowler, Mikayla Knight, Kallan Spier, Timeka Cox, Cody Thompson and Brody Maywald. We hope all the Junior Primary students had fun at the Library.

SPORTS DAY

Our House Captains have been working hard on the health hustle routine the last few weeks. Last week they started teaching all the classes, we can’t wait to show all the parents. We hope you can make it, it’s one not to miss! Classes have also started practicing all the team games ready for the big day. Sprint trials are on this Friday, so make sure you wear your running shoes. The marathon run is next Friday (week 8).

RISDON’S GOT TALENT

Nomination forms were sent out last week to classes. Thank you to those students who have returned them. Forms need to be returned by Wednesday Week 10 this term and auditions will start early in Term 4. This is our biggest event for the year and we are looking forward to it.

Sometimes it’s easy to forget that our kids have the same deep, emotional needs we do. If you’re looking to form a deeper connection with your kids, consider how you can tailor one of these 10 compliments specifically for them.

I love watching you play - I’m so glad you chose to spend time with me today - You did a great job doing that yourself - I like your friends - You look very nice today - Thanks for your attitude today - It’s so cool you learned that - You inspire me - You’re a great brother or sister - I’m so thankful you’re a part of our family
