Last Wednesday, students at Risdon Park Primary School competed in the Amazing Literacy and Numeracy Race.

Working in pairs, or class groups, students raced around the school completing Literacy and Numeracy based tasks. Students worked together in completing tasks, demonstrating teamwork skills and enthusiasm for learning.

This is the third year the biannual event has been run and aims to get students out of their usual classroom environments and allow them to apply their English and Mathematics skills in different contexts.

Thank you to the Parents, Staff and Students who helped with the running and organising of this event and congratulations to everyone who participated!

SPORTS DAY NEWS

With sports Day approaching us on the 27th September, we have some events that help prepare for the day. These are run in school time & give us running formats for the day.

Friday 16th September: Sprint Run
Off Yr 3-7
Students will be run off in their year level to help decide starting order.

Friday 23rd September: Marathon Year 4-7 students will run off in year levels around the oval completing two laps. Every student that participates will earn a point for their team on sports day.

Please encourage your child/ren to wear appropriate clothing & footwear & bring any medication or puffers.

Damien Mellow
Deputy Principal

Hello everyone!

We can’t believe there is only 3 weeks left of term 3.

On Friday of week 5, we enjoyed dress up day for book week. It was great to see so many people enjoy book week. It was also fantastic to see so many people dress up in the Australian theme.

Last week on Wednesday we had the Amazing Race. Unit 2 & 3 had to go into a group of two or three people & had to go around the school to different stations to do a worksheet. The quickest group back won a prize! Unit 1 also participated as class groups. A big thankyou to Miss Langton & her class & also Mr Mellow for making this event happen.

Our year 3, 5 & 7 students got to have a trial of Naplan online on the computer, most people liked it.

PARENTS DON’T FORGET TO PICK UP YOUR CHILD’S NAPLAN RESULTS

COMMUNITY NOTICES

SMELTERS PICNIC
Junior Football
“LONGEST KICK” Competition

Located on the Memorial Oval, meet in front of Little Grand Stand to register your name or call Craig Oliphant on 0428 851978

Quality Education Empowering Community Minded Learners—Helping each other to succeed.
During this term, all of the year two’s have been learning about 3D shapes, length and graphing. To put this learning into practice, students completed an investigation on marble runs. First, the students had to get in groups, gather materials, construct their marble runs and test them to make sure they were successful. Once groups finished the construction phase, students used tape measures to record several distances that the marble rolled. After, the students worked in their groups to create a diagram of their marble runs and listed all the 3D shapes they had used. All the year two’s then gathered into the activity room to showcase their marble runs and what they have achieved. These are some photos of room 22, showcasing their marble runs in front of all the other year two classes!
