Gardening

Whilst the Year Sevens were busily preparing for the Naplan Testing last Friday, the Room 35 Year 6’s had a chance to stretch their legs and catch some fresh air in the RPPS Garden. The students enjoyed the opportunity to do some weeding and digging as well as plant some vegetable seedlings. Another activity was the pruning and preparation of bunches flowers for Mother’s Day. The money raised from the sale of the flowers is “ploughed” back into the garden for other students to enjoy these activities!!
